RE: Site Inspection, Delta Minerals Inc., TD Mining, S/027/080, Millard County, Utah

Date of Inspection: February 27, 2001  
Time of Inspection: 11:52 a.m.-1:00 p.m.  
Conditions: Sunny  
Participants: Terry Cook, Delta Mineral Inc.; Jerry Mansfield, BLM; Tom Munson, DOGM

Purpose of Inspection: To determine if reclamation was completed to bring the site under 5 acres.

Mr. Mansfield and I arrived on-site to discover that no reclamation had occurred and the operation was actively producing material. We discussed the situation with Mr. Terry Cook and he informed us that they would have the required work done by 9<sup>th</sup> of March. He was informed that this was his last chance to bring the area under five acres before the Division would have to pursue legal action. Mr. Cook stated that Mr. Dave Peterson would not be in charge of permitting anymore and that a Mr. Dave Sheets (801-362-6200) would be taking over this responsibility.

The inspection ended and Mr. Cook was reminded of his commitments.
